One of the things that makes our country such a great place to live is our freedom of choice. Please do not allow the National Association of Broadcasters to take it away from us. Satellite Radio is not replacing Broadcast Radio, but supplementing it. I am a trucker, and I find it extremely valuable to be able to get traffic and weather information for locations along my route before I arrive there. I respectfully urge you to reject the NAB's petition 04-160.
